A Frightened Couple.

Last Sunday evening a young lady and gentleman were walking on the railroad track near the tunnel, when they saw what they supposed was a mountain lion, lying down by the track. The two started for town at a pretty lively rate, and it has since transpired that the thing that frightened them was a man with a fur coat on.

Well Represented.

Ormsby county has a very live Representative in the Senate in the person of Mr. Rickney.

He is alert, always understands what he is talking about and has a rare faculty of making his meaning clear in a few words.

He is direct in his work and rarely misses a trick.

ALL SORTS.

Mrs. Munkton, of Silver City is visiting friends in Carson.

Parties desiring Matzos, please leave orders with A. Jacobs, before March 10.

Nevada products are finding their way to the Eastern States. Twelve tons of Carson Creamery butter were shipped recently to W. W. Shervin, Egan, Illinois.

When your watch or clock needs repairing, consult Frank Blethen, of the Carson Exchange block. Frank is a skillful workman and moderate in his charges.

Dan Brady will be in Carson shortly with \$1,000 backing to fight Myers the Virginia whirlwind. Dan is a young boy and had better be careful how he runs up against a Washoe zephyr like Myers.

Dave Crosby the Virginia wood man had a fight with Sheehy the foot-racer on Washington's Birthday, because Crosby refused the sprinter a loan. They had a rough and tumble set-to and were separated before either was killed.

The last week's number of "The Wave" is a model of the journalistic art. It contains many valuable and interesting articles upon leading social and political questions. The subject of beautiful girls in San Francisco is well treated, and the types of beauty are illustrated with capital pictures of well-known belles. "The Letter Box" is very entertaining, containing as it does letters from Judge Morrow, General Dimond, Timothy Gay Phelps, Postmaster Backus and General McClamb on the subject of America's great men. All the illustrations are good.

Othello.

The members pretty generally took advantage of Mr. Foote's invitation to attend the performance last evening. He gave them a veritable impersonation of the murderous Moore, and his gradual drifting from love to suspicion, and from thence to jealousy and murder, was very fine. His rage was full of strength and fire, and his grief over his dead wife, and remorse for his act full of fine shading. Miss Pankett was a sweet and acceptable Desdemona.

The face of Mr. Sasso was as crafty and villainous as one could care to witness.

Mr. Boggs scored a hit in the drunken scene of Cassio.

Miss Howe as Emilia made the most of her scenes with a strong and intelligent rendering.

Tonight Don Cesar de Bazan.

A Hint to Nevada Farmers.

A communication from Clarke Irvine, of the Irvine Investment Company of Mobile, Alabama, contains the following information that may be of use to Nevada ranchers: "I have often tried to call the attention of some people in Nevada to the fact that transverse ditches across hill-sides or even any gentle declines will render the most barren sands and rocky regions as fertile as Eden, whenever there is rain or melting snows to fill the ditches, as at Annvergne and Limosin, France, and in Switzerland. The waters percolating slowly from the ditches fertilize all the lower regions more and more. Yet it seems that no one in Nevada pays any attention to this method."

Beautiful Souvenir.

The Union Pacific railroad has issued a handsome illustrated folder, descriptive of the city of Chicago and the World's fair buildings. Besides a great deal of useful information to strangers in the city of "wind and high buildings," it gives a complete plat of the city, showing the location of different hotels, depots, fair grounds, parks and places of amusement. These folders will be presented to every passenger that buys a ticket over the Union Pacific system, which is the quickest and best route between Ogden and the Missouri river.

Mason Valley Picking Up.

A weekly newspaper will soon be published in Mason Valley by Orlando E. Jones. The two creameries already established and the large shipments of cattle, hogs and sheep, at present being made from the Valley have attracted the attention of outside capitalists and a starch factory, brewery and other industries are now talked of.
